

# Software Installation Procedure

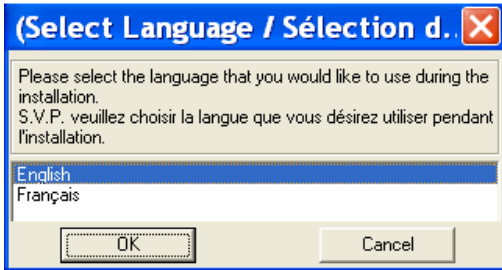

1- Insert **CD** in drive. It will start automatically.

For **Windows Vista users only**, the user account control window appears.

Click « **Allow** » to continue the installation.

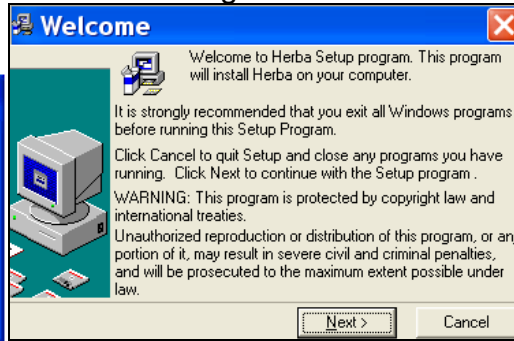

*The installation begins and the **first** dialog box appears on the screen.*

Dialog Box # 1

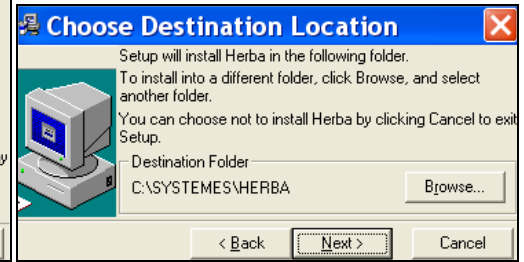

Select **Language** and Click « **Ok** »

Dialog Box # 2

Click « **Next** »

Dialog Box # 3

Click « **Next** »

Dialog Box # 4

Click « **Next** »

Dialog Box # 5

Click « **Next** »

Dialog Box # 6

Click « **Finish** » & the **Herba** shortcut will be installed on your desktop.

2-

Click **Herba** and your ID code will appear.

**EXAMPLE**

3- Send your **ID code** to [info@GNS-Service.com](mailto:info@GNS-Service.com) and we will return your **activation key** by **email**. Insert these numbers and click « **Activate** ».

**NOTE:** It is very **important** to back up you data regularly and **before** an update.  
To back up your data, go to **C:\SYSTEMES\HERBA**.
